

Research project template

Your name here

Introduction

- Introduce research question and motivation

Data

- briefly describe dataset

Descriptive statistics

- any summary stats and graphs here

Model

- Describe model. Here's an equation to get you started (add more terms if required):

$$Y_i = \beta_0 + \beta_1 X_{i1} + \beta_2 X_{i2} + \dots$$

where

- $Y_i = \dots$
- $X_{i1} = \dots$
- $X_{i2} = \dots$

Results

Discuss results here, including coefficient interpretation and anything else you want.

Discussion

- Including limitations, future work?
